

REMOTE DEPOSIT CAPTURE SYSTEM REQUIREMENTS

Remote Deposit Capture requires minimum computer hardware and software requirements in order to function properly. These requirements are outlined below and must be verified before setup.

Disk Space

10 GB of available disk space on your computer's hard drive is recommended.

Go to 'My Computer' right click on the C: drive and click on 'Properties.'

Hardware

2.0 GHZ (or higher) processor is recommended.

2 GB of RAM (or higher) is required.

Right click on 'My Computer' and click on 'Properties.'

Operating System

Windows XP, Windows Vista, Windows 7, or Mac OSX.

Right Click on 'My Computer' and click on 'Properties.'

Software

The latest version of Java will be required (currently version 8.51).

The latest version of Internet Explorer, Mozilla Firefox, or Apple Safari. Other Browsers may not be supported.

If Windows Operating System (above) is 64-Bit, MUST have/use Internet Explorer 32-Bit Version.

The latest version of Adobe Reader is recommended.

Additional Information

No other scanners can be used and/or installed on PC.
